PROFESSIONAL SUMMARY

Aspiring Full-Stack Developer with hands-on experience in **HTML5, CSS3, JavaScript (ES6+), React.js, Node.js, Express.js, and MongoDB**. Skilled in building responsive web applications, developing RESTful APIs, and creating reusable UI components using **Tailwind CSS**. Passionate about writing clean, scalable code, optimizing performance, and implementing modern development practices with **Git and GitHub**. Eager to contribute technical skills and continuously learn in a collaborative development environment. .

EDUCATION

Jabalpur Engineering College, Madhya Pradesh, India

October 2022 – June 2026

Bachelor of Technology in Information Technology

CGPA: 7.20/10

TECHNICAL SKILLS

Languages	C, C++, JavaScript (ES6+)
Development	HTML5, CSS3, React.js, Tailwind CSS, Bootstrap, Node.js, Express.js
Database	MonogoDB
Tools & Platforms	Git, GitHub, NPM, VS Code, Postman
Core Areas	Application Design, SDLC, Secure Coding

WORK EXPERIENCE

Badkul Technologies Pvt. Ltd. – Web Development Intern

September 2025

Jabalpur, Madhya Pradesh

([Internship Completion Letter](#))

- Built scalable and responsive web interfaces using **React.js** and modern frontend technologies.
- Created reusable component-based architectures, reducing code duplication and improving application maintainability.
- Optimized application performance and user interactions through efficient state management and API integration.
- Applied version control and collaborative development practices using **Git and GitHub** to ensure reliable code management and efficient teamwork.
- Worked in a real-time development environment, following proper project structure and coding practices.

PROJECTS

PrepSphere AI

- Developed an AI-powered placement preparation platform using the MERN stack for aptitude, technical, and interview preparation.
- Integrated Gemini and Groq APIs to provide real-time AI assistance and personalized responses.
- Implemented secure authentication and a responsive interface to enhance user experience.

Career Connect — Job & Internship Portal

- Developed a full-stack job and internship portal using React.js, Node.js, Express.js, and MongoDB.
- Implemented user authentication, profile management, job postings, and application tracking features.
- Designed responsive UI and secure REST APIs to provide a seamless experience for recruiters and job seekers.

Trip Management System

- Built a responsive React single-page application supporting CRUD operations for user data.
- Implemented search, filter, sort, and pagination to improve data navigation and overall usability.
- Enhanced form submission accuracy and user experience using React Hook Form for validation.

ACHIEVEMENTS AND EXTRACURRICULAR ACTIVITIES

- Organized a **coding contest** at college by coordinating student participation and event activities, assisting in planning, scheduling, and smooth execution of the competition.
- Awarded a **Certificate of Excellence** for timely and accurate completion of the project.
- Coordinated logistics and speakers for **TEDx JEC 2024** attended by **200+ participants**, improving event efficiency by **20%**.
